Informationsblatt zum Antrag auf Projektförderung regionaler Leistungssportzentren

Die Förderung des (Nachwuchs-)Leistungssports stellt für den Landessportbund Rheinland-Pfalz den wesentlichen Arbeitsschwerpunkt dar.

Die neue Projektförderung soll eine qualitativ hochwertige Betreuungssituation zur Unterstützung und Förderung von Nachwuchsathleten in den Regionen sichern und ausbauen.

Die förderfähigen Leistungssportzentren werden an den drei Standorten Kaiserslautern, Mainz und Koblenz gebildet. Die regionalen Leistungssportzentren führen leistungssportliche Strukturen an den genannten Standorten zusammen, um eine noch hochwertigere Talent-, Nachwuchs- und Leistungssportförderung zu gewährleisten. Durch die Subventionierung der Vergütung sowie die Aus- und Fortbildung von Trainern soll eine optimierte Betreuung der Athleten sichergestellt werden.

Pflichtkriterien für die Projektförderung sind:

Einbindung ...

- **von mindestens einem leistungsstarken Verein**
- **des vom LSB anerkannten Landesleistungszentrum bzw. regionalen Landesstützpunkt am Standort**

und der nachweislichen Konzentration von mindestens drei LK-Nachwuchsathlet*innen (U20)

Weitere Kriterien:

- hohe Bewertung der Sportart/Disziplin im Nachwuchsleistungssport (LAL-Rahmenrichtlinien)
- Vernetzung mehrerer Vereine am Standort mit intensiver Zusammenarbeit im Verbundsystem Verein/Verband und Schule/Universität
- optimaler Zustand der vorhandenen sportartspezifischen Infrastruktur/Geräteausstattung
- Voll- und/oder Teilzeitinternat
- wissenschaftliche Begleitung

Der Antrag des Landesfachverbandes wird von Seiten des Landessportbundes befürwortet, wenn möglichst viele der oben genannten Voraussetzungen erfüllt sind. Die fett markierten Punkte werden als Pflichtkriterien angesehen. Es werden vorrangig Anträge genehmigt, die eine Vernetzung und Zusammenarbeit der beteiligten Akteure (Sportvereine, Landesfachverband, Stützpunkte, Schule, sportmedizinische/wissenschaftliche Einrichtungen, ...) dokumentieren können. Für die Sportarten mit Bundesstützpunkt oder Entwicklungsschwerpunkt in Rheinland-Pfalz sind höhere Förderungen möglich.
